

DAUT SHAIKH

Frontend Developer

[✉ daudshaikh821@gmail.com](mailto:daudshaikh821@gmail.com) [📞 8600127851](tel:8600127851) [🔗 myportfolio1950.netlify.app/](https://myportfolio1950.netlify.app/)

Frontend Developer with 4+ years of experience building scalable web applications using React.js, TypeScript, and modern frontend architecture. Skilled in developing reusable components, managing state with Redux and React Query, integrating APIs, and optimizing performance within Agile/Scrum environments.

Experience

Software Developer / Frontend Developer – GetGoing Project (BCD Travel) | Effiasoft Pvt. Ltd. - Hyderabad, India April 2025 – Present

- Developed and maintained GetGoing, a large-scale corporate travel booking platform under BCD Travel.
- Built complex filtering and sorting modules for flight and rail bookings using React.js and TypeScript.
- Designed and implemented reusable UI components with Material UI and custom React hooks, improving scalability and code maintainability.
- Integrated Redux for centralized state management and React Query for efficient API data fetching, caching, and synchronization.
- Configured Auth0 for secure user authentication and i18next for internationalization and multi-language support.
- Optimized application performance through lazy loading, error boundaries, and Progressive Web App (PWA) enhancements.
- Collaborated in an Agile/Scrum environment using Jira for project management, Git for version control, and CI/CD pipelines for continuous integration and deployment.

Associate Frontend Developer | Magazine3 Technology - Hyderabad, India February 2022 – March 2025

- Designed and developed a responsive job portal with improved usability and performance.
- Built reusable React components to accelerate feature development.
- Optimized frontend performance and enhanced user experience.
- Integrated RESTful APIs for dynamic data handling and responsive UI updates.
- Collaborated with a development team to deliver scalable frontend solutions.
- Diagnosed and fixed UI/UX and performance issues under senior developer guidance.
- Maintained clean code practices using Git version control.

Education

Master of Business Administration (MBA) – IT and Systems Management | NMIMS Global Access - School for Continuing Education

Bachelor of Science | Singhania University

Projects

GetGoing Project (BCD Travel) | Web Application

- Developed a scalable corporate travel booking platform using React.js, TypeScript, Redux, and React Query.
- Integrated Auth0 for secure authentication, i18next for multilingual support, and implemented PWA features for offline access and performance optimization.

Sath.io | Web Application

- Designed a React.js-based job portal with real-time search and filtering, reducing job search time by 30%.
- Integrated Redux Toolkit and React Hooks to manage state effectively and optimize performance.

WpQuads | WordPress Plugin

- Developed a WordPress plugin enabling users to add multiple ad types via a React.js-powered frontend UI.
- Leveraged React Router, Hooks, and PHP for seamless integration and dynamic updates.

Certifications

Full Stack Java Development with MySQL

- Completed an intensive Full Stack Java Development course at Profound Institute, Pune.
- Gained hands-on experience in building scalable web applications and managing databases using Java and MySQL.

Front-End Web Development Micro Degree

- Gained expertise in building responsive and dynamic web applications using HTML, CSS, JavaScript, and React.js.

Skills

React Js - Advanced | **JavaScript (ES6+)** - Intermediate | **HTML5** - Advanced | **CSS3** - Intermediate | **Redux** - Advanced | **React Hooks** - Advanced | **Context API** - Advanced | **React Query** - Beginner | **REST APIs** - Intermediate | **Axios** - Advanced | **API Caching** - Advanced | **Material UI** - Advanced | **Responsive Design** - Intermediate | **Component Architecture** - Intermediate | **Git** - Beginner | **Jira** - Intermediate | **CI/CD** - Intermediate | **Agile/Scrum** - Intermediate | **Lazy Loading** - Intermediate | **Code Splitting** - Intermediate | **Error Boundaries** - Intermediate
